Mistery Jungle Tours presents

El Mirador

• Beyond the Clouds: ATV+Trekking

An unforgettable excursion that will take you from the foot of the Talamanca mountain to a terrace suspended at 1500 meters above sea level, where nature meets the blue sky. The itinerary begins crossing the jungle with its panoramic paths. The route is designed for those who love walking in nature, offering a unique experience. The culmination is the arrival at “El Mirador”, a panoramic terrace where the view will leave you breathless. From up here, the horizon line seems to merge with the sky. A unique and unforgettable view of the Caribbean Sea.

Enter the Talamanca mountain, an ancient land where the forest guards a small oasis. This tour will take you to discover a vibrant ecosystem, a secret garden in the mountains of Talamanca. Rivers, lakes and waterfalls hidden in the jungle. A symphony of wild life, exotic animals, sloths relaxing among the branches and small brightly colored frogs, you will hear the calls of monkeys and the singing of tropical birds. The mountain orchard, the intense scent of Mamon and Mandarin fills the air. You will have the opportunity to taste small treasures of the earth, very sweet fruits grown by local people. In this part of Talamanca, every path is an open door to an incredible world.
